DESIGNED TO DISPLAY

Sabert's Sturdiware® round platters are now updated and enhanced after supporting the catering industry for many years. Now in polypropylene, these versatile catering trays are perfect for both the hot and cold foods on your menu. With an updated smooth base, the aesthetic of this line has been elevated to provide a refreshing look that will heighten the appearance of both the menu and event itself. The clear PET lid allows for food transparency as well as improved merchandising ability. Three size offerings in the line will also help cater to any size business or social event.
