Sustainable Packaging That Performs

Why Compostable, Why Sabert?

Performance. Sustainability. Design.

- **Quality:** Bases and lids manufactured in Sabert's owned and operated state-of-the-art facilities, leading to enhanced product consistency.
- **Leak Resistance:** Patent pending double-lock lids provide superior leak resistance for soups, salads, entrées and more.
- **Natural Look:** Results in a tighter lid fit, stronger material properties and is an immediate green cue for the consumer.
- **Annually Renewable:** Made from bagasse, a by-product of sugarcane processing.

Material Features to Meet Your Application

Hot/Cold

Catering

Sabert's compostable solutions provide the best of both worlds: maximum convenience and quality for on-the-go eating.

From salads to soups, Sabert's compostable line has a breadth of to-go solutions to meet the unique needs of food service providers and end users, no matter the temperature.

Catering with a conscience...no problem! Sabert's ever-expanding line includes compostable catering bowls and platters in a variety of sizes.

For Today's Menus and Today's Venues!

- Variety and Versatility:**
 Collection features 60+ high-performance, sustainable items consumers are looking for.
- Temperature Tested:**
 Designed for maximum performance in freezer, microwave, oven*, and heat lamps.

Tailored for Your Operation

- Simply Stated:** Developed to fit the latest menu trends with a contemporary and clean look.
- Carry Out to Catering:** Variety of packaging items available with versatile lids that also fit many container sizes, reducing SKUs.

Certified Compostable

Confidently Compost: Sabert's unlaminated molded fiber packaging is certified industrial compostable by BPI and Vinçotte and certified home compostable by Vinçotte. **

Certification Type	Industrial Composting Certifications**		Home Composting Standard
Certification	 COMPOSTABLE IN INDUSTRIAL FACILITIES <small>Check locally, as these do not exist in many communities. CERT # 10528471</small>
