

New!

Hot Collection: Hinged Clamshell Containers

Enhanced Packaging for Carry Out to Consumption

Versatility. Performance. Style.

Perforated Break-away™ Feature

Covers tear away easily for a table-ready dining experience, then reseal quickly for later.

Liquids are No Big Deal

Audible lid closing system prevents leaks and spills for transport convenience. Channels in bases drain moisture away to keep food from becoming soggy.

Engineered for Easy Handling

Dual, easy-open tabs ensure customers can quickly open packages at home while quick-close locking lids keep food secure and prevent leaks.

Stackable Design

Positive stacking and nesting designs mean high performance on prep table, merchandising area and dining table.

The Advantages are Clear:

- **Premium Merchandising:** Sleek clamshells with black bases and clear lids help attract attention and sell appetizing foods from carryout through consumption. Lid vents help prevent soggy food.
- **Vented, Anti-fog Lids:** Clear lids remain clear after hours under heat lamps, so food stays fresh and appealing.
- **Reheatable Containers:** Food goes from refrigerator to microwave to table in one container. Fancy entrées, quick meals, and even leftovers taste better when style and convenience are on the menu.
