Fitness For Use Application Guidelines

Refrigerator Friendly

Works best in dry applications; refrigeration dwell time limited and will soften when exposed to excessive moisture

Freezer Friendly

Can be frozen up to six months before food degradation starts to accelerate

Microwavable Works well in microwave applications on high for up to 3 minutes

Ovenable up to 400°F

Withstands 400°F for up to 30 minutes; preferred 350°F or less given the variability of applications and oven types

Case Information

Turbochef Oven Safe

Not generally recommended; may work at limited time; testing is recommended

Heat Lamp Safe

Performs well under heat lamps; typically at 200°F for extended periods of time
