

****Limited Stock** 16oz Compostable PLA Cold Cup, 20 pieces**

Mozaik Compostable Clear Cold Cups are an eco-friendly step or two up from red plastic party cups. Made from PLA (polylactic acid), a BPA-free plant-based plastic and renewable resource, these clear cups are perfect for anytime you don't want to create a full sink of dirty glasses. Serve your favorite cold beverages at get togethers, by the pool, at dinner parties, or during a regular Wednesday night meal with the family. Because they are compostable, you can enjoy using them without the guilt that comes with disposable plastic cups.

Item Number: CCCUP16PLA
