- Contains post-consumer recycled materials and is fully recyclable

Functional

Hinged

Recyclable

## KRAFTY PACKAGING

Designed to be sturdy and presentation ready, Sabert's new kraft paper clamshell line is comprised of packages that are naturally grease resistant and perfect for a wide variety of both hot and cold food applications. The dual front lock system ensures our clamshells remain closed and secure when stacked - allowing food to be transported easily and safely. Kraft paper clamshells are shipped in sleeves, providing inner pack flexibility as well as an additional layer of protection. The new design features optional vents, which can be engaged when needed - hot food stays hot and crispy food stays crispy.
