

We aren't just a food packaging company WE'RE YOUR PACKAGING PARTNER

As a leading global manufacturer of innovative and sustainable food packaging, Sabert offers an extensive selection of packaging solutions specifically designed for food processors. Whether your items are shelf-stable, frozen or refrigerated, our solutions help to deliver maximum product integrity, enhance food safety and extend shelf life. Our customer-first approach puts your needs front and center to ensure we help you select the appropriate material and design for your specific production processes. Combining our fast and flexible production capabilities with our deep insights into food life cycles and material sciences, Sabert can create the ideal packaging program for your operation.

MATERIAL EXPERTISE

For over 40 years, Sabert has led the way in designing and developing innovative and sustainable packaging solutions from a broad range of quality materials. With Sabert's Centers for Innovation, we infuse research, fresh thinking and industry-leading manufacturing technology in order to explore and accelerate the development of cutting-edge material advancements and applications. We go beyond the one-size-fits-all mindset to help identify the optimum barrier properties, strength, transparency, sealability and other technical characteristics to deliver the protection, shelf-life and quality you require.

POLYPROPYLENE (PP)

Lightweight, durable and flexible material used for cold and hot foods from -40°F to 220°F

FREEZER

REFRIGERATOR FRIENDLY

MICROWAVE FRIENDLY

CRYSTALLIZED POLYETHYLENE TEREPHTHALATE (CPET)

Strong and sturdy, CPET offers freezer-to-oven capabilities for temperatures from -40°F to 400°F

FREEZER FRIENDLY

REFRIGERATOR FRIENDLY

MICROWAVE FRIENDLY

OVENABLE

PULP

Sustainable, compostable material ideal for hot and cold food applications from 14°F to 400°F

FREEZER FRIENDLY

REFRIGERATOR FRIENDLY

MICROWAVE FRIENDLY

OVENABLE

FAST & FLEXIBLE MANUFACTURING

We understand the complexities of manufacturing the most challenging custom-engineered food packaging products. From concept to commercialization, we can help interface with the most intricate and automated packaging and manufacturing systems, material requirements and merchandising criteria to preserve and protect your products. Our solutions and material technologies are optimized to match today's food processing techniques, including retort processing, high pressure processing (HPP) and gas-flush processing (modified atmosphere packaging).

DESIGNED WITH YOU IN MIND

At Sabert, we don't just design food packaging, we believe it's our responsibility to meet and exceed the industry's ever-changing needs and expectations through exceptional products and services. Our team of experts take a holistic approach to create solutions that meet the demanding requirements of your specific operations, from storage, distribution, filling, sealing, merchandising and beyond. Sabert's in-house Design Studio features over 100 years of combined product design experience and unmatched creativity to engineer food packaging that truly benefits your bottom line.

Regardless of your unique vision or requirements, Sabert is here to help you develop the perfect food packaging products for the utmost value and performance.

FINDING THE RIGHT SOLUTION

We understand that not all food packaging needs are the same. Different foods require different materials and handling to maintain freshness, ensure food safety, and provide the best experience for consumers.

We consult with you closely to ensure we design and engineer the ideal solution for your requirements and application. We perform a complete needs assessment of product, storage and handling throughout the entire process from supply chain, production, sealing, filling, merchandising, carry out to consumption. Our process is tailored to deliver the best results for your operation.

DEFINE

Understanding your business goals is paramount. We dig deep into several factors, such as fit for use, operational considerations, sustainability objectives and consumer experience.

DESIGN

Our masterclass designers get straight to work when a custom solution is needed. They create a special look and functional concept for your unique application.

DELIVER

In this stage, the team puts concepts into action. Sabert's Design Studio is equipped with innovative capabilities and advanced technology to validate, test and optimize manufacturing processes to finalize all specifications of your packaging.

DELIGHT

We are with you every step of the way to ensure your packaging solution helps you achieve success. We continue beyond the launch as a long-term. dedicated and reliable advisor.

MADE TO ORDER

For processors who need quick solutions, Sabert provides a broad line of stock offerings in multiple sizes and styles. We also carry additional sizes and formats outside the most commonplace footprints; these items are made to order for your convenience. Look for the "Made to Order" circle to denote those items throughout the brochure and consult your Sabert sales associate regarding the minimums for each item as they may vary. No matter your vision or operational requirements, we are at your service to ensure your food items look great, stay fresh and get to customers safely.

OUR COMMITMENT TO SUSTAINABILITY

At Sabert, we believe that our commitment to the environment is a fundamental part of our core business philosophy -- that a more sustainable future helps our customers, our industry, our communities and our planet

Across all of our facilities, partners, plants and people, we're putting our inventive culture to work to help find new ways to protect the environment, strengthen communities and drive responsible growth - every day.

www.sabert.com/sustainability

Improved environmental outcomes through innovative business thinking.

For more hot packaging options, or for more information, visit www.sabert.com or call 1(800) 722-3781.
