CORRUGATED CONSTRUCTION

Corrugated construction provides excellent insulation and allows for air flow, while heat activated adhesive tacks the sleeve to the cup, keeping your brand in front and center. Sabert offers a range of hot cup sleeves for every operator need. From those looking for that upscale coffeehouse feel and performance to an easy entry point into custom printing. Custom prints are a great way to engage and communicate with consumers. Leverage custom printed products as a moving billboard for higher selling promotions or items. Sabert has a hot cup sleeve to meet your needs!
